

HVAC Incentives

For *Indiana* Commercial & Industrial Customers

Did you know that the average Commercial HVAC system lasts about 15 years?

The Prescriptive Program offers cash rebates paid per unit installed to help offset the cost of the project. Projects will not require a pre-approval unless the total projected incentive exceeds \$10,000. This program has a cap of \$150,000 per site and \$300,000 per company per program year.

To view eligibility requirements visit:

ElectricIdeas.com/Work

To Participate:

Step 1: Review the list of energy efficiency measures.

Step 2: Purchase and install your energy efficiency equipment.

Step 3: Submit your application and supporting documentation: W-9, invoice, spec sheet, tax exemption form (if applicable).

HVAC			
Inefficient Equipment	Efficient Equipment	Participation Units	Incentive Per Unit
No ECM	Electronically commutated motor (ECM) HVAC motor	Motor	\$70
Unitary/Split AC - <65,000 BTUH, <13 SEER	Unitary/Split AC - <65,000 BTUH, >14 SEER	Ton	\$9
Unitary/Split AC - 65,000-135,000 BTUH, <11 EER	Unitary/Split AC - 65,000-135,000 BTUH, >11 EER		\$12
Unitary/Split AC - >135,000 BTUH <10.8 EER	Unitary/Split AC - >135,000 BTUH, >10.8 EER		\$14
Unitary/Split AC - <65,000 BTUH, <13 SEER	Heat Pump System <65,000BTUH, >14 SEER		\$9
Unitary/Split AC - 65,000-135,000 BTUH, <11 EER	Heat Pump System 65,000-135,000 BTUH, >11 EER		\$12
Heat Pump System - <65,000 BTUH, <13 SEER or approved electric heating system	Heat Pump System <65,000 BTUH, >14 SEER		\$20
Heat Pump System - 65,000-135,000 BTUH, <11 EER or approved electric heating system	Heat Pump System 65,000-135,000 BTUH, >11 EER		\$25

Funds are limited and paid on a first come, first served basis. Projects submitted after December 11, 2020 will be subject to the incentive levels associated with the 2021 program.
