2026 Prescriptive Program Measure Selection Form: Commercial Kitchen

for Indiana businesses

Complete this Measure Selection Form to apply for an incentive for the installation of eligible commercial kitchen measures installed by **December 15, 2026.**

- All technical data sheets for installed equipment must be included with your submission.
- All installed measures must be new. No refurbished measures will be accepted.
- All installed equipment must meet program specification requirements. For incentives listed with CEW or ENERGY STAR®, refer to:
  - California Energy Wise (CEW)
  - ENERGY STAR®
- **For new construction or major renovation installations:**
  - Incentives are only available for equipment which exceeds ASHRAE 90.1 standards.

Important

This Measure Selection Form and technical data sheets should be submitted in conjunction with the **Prescriptive Program Application.**

Applications for incentives greater than $20,000 or energy savings greater than of 1 GWh per facility per year must be preapproved by Indiana Michigan Power prior to purchasing or installing equipment.

Commercial Refrigerators and Freezers

Ref ID	Equipment Type	Equipment Size	Unit	Type of Door	Actual Volume (ft^3)	Quantity	Incentive (Per Unit)	Total Incentive
REF-01	Commercial Refrigerator	<15.0 ft^3	Each	☐ Glass ☐ Solid			$20	$
REF-02		15.0-29.9 ft^3	Each	☐ Glass ☐ Solid			$40	$
REF-03		30.0-49.9 ft^3	Each	☐ Glass ☐ Solid			$45	$
REF-04		≥50 ft^3	Each	☐ Glass ☐ Solid			$75	$
REF-05	Commercial Freezer	<15.0 ft^3	Each	☐ Glass ☐ Solid			$25	$
REF-06		15.0-29.9 ft^3	Each	☐ Glass ☐ Solid			$60	$
REF-07		30.0-49.9 ft^3	Each	☐ Glass ☐ Solid			$100	$
REF-08		≥50 ft^3	Each	☐ Glass ☐ Solid			$160	$

- Must be listed with CEW or ENERGY STAR certified.

Electronically Commutated (EC) Motors

Ref ID	Equipment Type	Equipment Motor Capacity* *Assume 1/15 HP, if unknown	Unit	Quantity	Incentive (Per Unit)	Total Incentive
REF-09	Electronically Commutated (EC) Motor in Cooler/ Freezer	☐ 1/15 - 1/20 HP ☐ 1/2 HP ☐ 1/5 HP ☐ 3/4 HP ☐ 1/3 HP ☐ 16W	Each		$75	$

- Retrofit must replace an existing standard-efficiency shaded-pole evaporator fan motor. Replacement of existing EC motor is not eligible.

Evaporator Fan Control for Electronically Commutated Motor

Ref ID	Equipment Type	Unit	Equipment Motor Capacity* *Assume 1/15 HP, if unknown	Quantity	Incentive (Per Unit)	Total Incentive
REF-10	Evaporator Fan Control for Electronically Commutated Motor	Motor Controlled	☐ 1/15 - 1/20 HP ☐ 1/2 HP ☐ 1/5 HP ☐ 3/4 HP ☐ 1/3 HP ☐ 16W		$20	$

- Evaporator fan motors must be EC motors.
- Existing evaporator control operates fans continuously.

Vending Machine Controls

Ref ID	Equipment Type	Unit	Quantity	Incentive (Per Unit)	Total Incentive
VEN-01	Vending Machine Control	Each		$20	$

- This measure only applies to the installation of new controls onto uncontrolled vending machines. This equipment should not be applied to ENERGY STAR qualified vending machines, as they already have built-in controls.

Low Flow Pre-Rinse Sprayers

Ref ID	Equipment Type	Unit	Quantity	Incentive (Per Unit)	Total Incentive
SPR-01	Low Flow Pre-Rinse Sprayer	Each		$50	$

- Must have electric water heating. Sprayers served from solar or natural gas water heaters are not eligible.
- Flow rate must be 0.98 gallons per minute or less.

Kitchen Hood Demand Control Ventilation

Ref ID	Equipment Type	Unit	Quantity	Incentive (Per Unit)	Total Incentive
KHD-01	Kitchen Hood Demand Control Ventilation	CFM		$0.20	$

- Existing control must be constant speed fan(s) for ventilation.
- Kitchen hood airflow must be less than 5,000 CFM per hood. Custom incentives may be available for 5,000 CFM or greater.
- Control must vary the kitchen hood exhaust and make-up airflow based on automatic sensor readings such as temperature, temperature and optical (smoke), or temperature and infrared sensors.
