

2026 Prescriptive Program Compressed Air Log Sheet

for Indiana businesses

This form is to be used for Indiana business customers with Indiana Michigan Power electric service requesting incentives for compressed air leak repairs. This sheet must be submitted with valid and accurate information in conjunction with the Prescriptive Program Application and Measure Selection Form. Please use an additional log sheet, as needed.

Need Help?

For assistance completing this Compressed Air Log Sheet, call **800-929-7633** to speak with a program representative.

1. System Information

Make and Model numbers of all operating compressors	System Discharge Pressure (PSIG)

2. Compressed Air Leak Information

¹ Details should be clear enough to retrace steps for verification purposes, if required.

² Description should be precise for verification purposes, if required. Examples include: 1/2" NPT galvanized fitting, 1/4" plastic tubing disconnected, leaking valve, etc.

³ This is the digital reading from the ultrasonic leak detection equipment.

⁴ Tags not required if provided pictures of each leak. If used, tags must remain in place for at least 60 days following submitting for incentives to aid in any verification activities.
