Welcome to Efficiency United's Commercial and Industrial Program

Please follow the four-step process to apply for and obtain incentives for your energy efficiency projects.

Your business must be a current electric commercial or industrial customer of a participating Efficiency United utility to use this program.

Incomplete applications cannot be processed for payment.

Notification of incomplete applications will be sent via email. Applicants will be given 15 business days to respond before the application is deemed ineligible. Applications must be received within 60 days of purchase and/or installation of measures.

Project process:

1. Complete and submit the application.

Submit an application and all required documentation before making any purchases or starting any work on the project.

- General information (page 4) and appropriate pages for your project
- Prescriptive (pages 6–25)
- Custom (page 26)
- An itemized quote from selected vendor that includes the quantity, size, type, make and model of proposed items and labor costs, if applicable. Internal labor cannot be included in project cost.
- The manufacturer (OEM) specification sheets for all eligible measures per program guidelines
- A copy of one month's utility bill for prescriptive projects or 12 consecutive months of utility bills for custom projects. The first two pages are sufficient if they include a summary of energy use and charges.

2. Obtain approval notice.

Upon verifying that the project meets the program requirements, the customer listed on this application will receive a letter via email (or standard mail if email is unavailable) indicating the funds have been reserved for this project.

- Incomplete applications will result in delays.
- This letter must be signed and returned within 10 days.
- From the date of issuance of this letter, you will have 90 days or until Nov. 30, 2026, to complete the project and submit all final documentation. Applicant may submit a written request for one 30-day project completion extension.
- After 90 days or Nov. 30, 2026, this application will expire and the reserved funds will be forfeited.

3. Install your project.

After signing and returning pre-approval notification, install the new equipment and remove the old equipment. Incomplete applications will result in delays.

- Only new products, which are exact product types listed in this application, are eligible for prescriptive incentives.

4. Complete and submit the final application.

- Submit the final application (page 27), including all project invoices, after the project is completed.

Terms and Conditions

ELIGIBILITY: Efficiency United energy efficiency incentives are offered to qualifying commercial electric customers only while funding is available. Projects must be implemented (completed) by November 30, 2026. Projects must reduce electric usage through system efficiency improvements; control upgrades may also qualify. The following measures will not qualify: peak shaving, demand reductions, fuel switching, power generation, renewable energy or operating schedule changes. Equipment must meet the minimum number of annual operating hours.

COMPLIANCE: All projects must comply with applicable federal, state and local laws and building codes. All equipment must be new or retrofitted with new components per program specification. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed or permanently disconnected. New equipment must meet specification requirements and existing equipment must be operational when the application is submitted. Only one incentive will be granted for each project. Customers can submit multiple projects in a calendar year; however, the incentive totals cannot exceed the incentive limit cap per year. If the project is in a leased building, the lease term must be at least three (3) years and a copy of the lease may be requested. Up to 24 months of utility usage information may be requested.

INCENTIVE CAPS: Incentive caps may not exceed 75% of the total project cost, including materials, external labor, permits, equipment rental or disposal. Incentives awarded must stay within program budgets and remain cost effective for the program.

INSPECTION: Program staff reserves the right to conduct pre-inspections and post inspections of proposed and installed projects.

PUBLICITY: Efficiency United reserves the right to publicize your participation in this program, unless you specifically request otherwise.

LOGO USE: Customers or allies may not use the Efficiency United name or logo nor that of any participating utilities in any marketing, advertising or promotional material without written permission.

PROGRAM DISCRETION: Incentives are available on a first-come, first-served basis. Incentive amounts and offerings are subject to change or termination without notice at the discretion of Efficiency United.

PAYMENT: Once completed paperwork is submitted, incentive payments are usually made within 6 to 8 weeks. Incomplete applications will delay payments or result in denial of application approval. Efficiency United reserves the right to refuse payment and participation if the customer or contractor violates program terms and conditions. Efficiency United must receive 100% of the energy savings for the rated life of the product(s) or for a period of three (3) years from the receipt of incentive, whichever is less. If you do not provide the energy savings, the facility in which the installed projects are located closes or ceases operation within three (3) years from receipt of incentive, or you cease to be a customer of a participating Efficiency United utility during the three (3) years, you shall refund a prorated amount of the incentive.

RELEASE/INDEMNIFICATION: Payment of rebates under the Program and/or evaluation of applications for rebates shall not deem Efficiency United or any of its affiliates, employees, contractors or agents ("Efficiency United Parties") to be responsible for any work completed in connection herewith. Applicant fully releases Efficiency United Parties from any and all claims it may have against Efficiency United Parties in connection with this application, the rebates or the work performed in connection with them. In addition, applicant agrees to defend, indemnify and hold Efficiency United Parties harmless from and against any and all claims, losses, demands or lawsuits by any third parties arising in connection with this application, the payment or non-payment of rebates, or any work performed in connection with them. The customer hereby releases Efficiency United and participating utilities from any and all liability arising from or connected with releasing the information to Efficiency United set forth herein.

Efficiency United is a program administered and implemented by CLEAResult and the Michigan Community Action Agency Association pursuant to a contract with the State of Michigan, Department of Energy, Labor & Economic Growth, and in compliance with PA 342 of 2016.

ENERGY STAR Ice Machines

	Measure	Incentive	Unit	# of Units	Total Incentive
●	< 500 lbs	**$50.00**	per unit		
●	500–1,000 lbs	**$90.00**	per unit		
●	> 1,000 lbs	**$120.00**	per unit		

Commercial Refrigeration Controls

Measure	Incentive	Unit	# of Units	Total Incentive
Floating Head Pressure Control	**$150.00**	per ton		
Anti-Sweat Heater Controls	**$100.00**	per door		

Refrigeration Air-Side Economizer

	Measure	Incentive	Unit	Total Tons.	Total Incentive
●	Refrigeration Air-Side Economizer	**$100.00**	per ton		

Strip Curtains

Measure	Incentive	Unit	Total Sq. Ft.	Total Incentive
Cooler Strip Curtain	**$6.00**	per sq. ft.		
Freezer Strip Curtain	**$20.00**	per sq. ft.		

Cooler/Freezer Door Gasket Seals

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
Door Gasket Seal	**$7.50**	per linear ft.		

Insulation

	Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
●	Night Covers	**$1.25**	per linear ft.		

New Reach-In Refrigerated Case Doors

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
Medium Temp	**$40.00**	per linear ft.		
Low Temp	**$100.00**	per linear ft.		

Automatic Door Closers

Measure	Incentive	Unit	# of Units	Total Incentive
Automatic Door Closers for Refrigerated Walk-In Coolers/Freezers	**$100.00**	per door

Industrial Tools

	Measure		Incentive	Unit	# of Units	Total Incentive
	VSD or Servo Hydraulic Plastic Injection Molder Machines	400-599 lb/yr/ton	**$2.99**	per ton		
●		600-999 lb/yr/ton	**$6.00**	per ton		
		≥ 1000 lb/yr/ton	**$10.00**	per ton		
●	Welders, Inverter Style		**$60.00**	per unit		
	Pneumatic Hand Tools Replaced by Electric Tools		**$100.00**	per tool		
	Pneumatic Hand Tools Replaced by Cordless Tools		**$50.00**	per tool		
	Barrel Insulation – Plastic Injection/Extrusion Machine		**$30.00**	per sq. ft.		
●	Injection Molding Machine – Electric/Hydraulic Hybrid		**$15.00**	per ton clamping cap		
●	Injection Molding Machine – Full Electric (Servo Electric)		**$20.00**	per ton clamping cap		
●	Fiber Laser Replacing CO_2 Laser – two shifts		**$1,500.00**	per output kW		
●	Engine Block Heater Controls		**$40.00**	per heater		

PC Network Energy Management Controls

	Measure	Incentive	Unit	# of Units	Total Incentive
●	PC Network Energy Management Controls Replacing No Central Controls	**$9.00**	per PC		

Vending Machine Controllers

	Measure	Incentive	Unit	# of Units	Total Incentive
●	Cold Beverage Controller	**$65.00**	per unit

VSDs on Irrigation and Milk Pumps

	Measure	Incentive	Unit	# of Units	Total Incentive
●	On Agricultural Irrigation Systems	**$15.00**	per HP		
●	On Milk Pump With Existing Heat Exchanger	**$40.00**	per 1,000 lbs milk/day		
●	On Milk Pump With New Heat Exchanger	**$80.00**	per 1,000 lbs milk/day		

Scroll Compressors

	Measure	Incentive	Unit	Total Lbs Milk/Day	Total Incentive
●	For Dairy Refrigeration With Heat Exchanger	**$13.00**	per 1,000 lbs milk/day		
	For Dairy Refrigeration Without Heat Exchanger	**$32.00**	per 1,000 lbs milk/day		

VFD on Agriculture Fans & Pumps

	Measure	Incentive	Unit	# of Units	Total Incentive
	Fans				
●	Operating 750–2,000 hrs/yr	**$15.00**	per HP		
●	Operating > 2,000 hrs/yr	**$60.00**	per HP		
	Pumps				
●	Operating 750–2,000 hrs/yr	**$10.00**	per HP		
●	Operating > 2,000 hrs/yr	**$25.00**	per HP		

Cold Storage Evaporator

	Measure	Incentive	Unit	Total Lbs Milk/Day	Total Incentive
●	Cold Storage Evaporator ECM Fan Motor	**$40.00**	per HP		

Horticulture

	Measure	Incentive	Unit	# of Units	Total Incentive
●	Dehumidification for Indoor Horticultural Facilities > 155 Pint/Day Capacity	**$0.60**	capacity pints/ day		
●	HVAC Reduction in Interior Horticultural Grow Rooms > 6570 hrs	**$0.06**	watts reduced		
●	HVAC Reduction in Interior Horticultural Grow Rooms < 6,570 hrs	**$0.06**	watts reduced		

Part 12: Agriculture *(Continued)*

A blue dot symbol ● means that the measure may qualify for New Construction.

Waterer and Controls

	Measure	Incentive	Unit	# of Units	Total Incentive
●	Low-Energy Livestock Waterer	**$125.00**	per waterer		
●	Grain Storage Temperature and Moisture Management Controller	**$25.00**	per fan-HP		
●	Fan Thermostat Controller	**$125.00**	per fan		

LED Grow Lights

	Applicability	Measure	Incentive	
	Retrofit	LED Grow Light > 4,380 hours	**$0.20**	per watt reduced
		LED Grow Light > 6,570 hours	**$0.55**	per watt reduced
		LED Grow Light 8,760 hours	**$0.60**	per watt reduced
	New Construction	LED Grow Lights > 4,380 hours (Flowering)	**$0.50**	per watt installed
●		LED Grow Lights > 6,570 hours (Vegatative)	**$0.60**	per watt installed
		LED Grow Lights 8,760 hours (Seeding)	**$0.50**	per watt installed

FINAL APPLICATION CHECKLIST & CUSTOMER AGREEMENT

Final applications must have complete information and be submitted with:

- ☐ The entire completed application, including the completed incentive worksheets reflecting any applicable quantity or measure change
- ☐ The signed customer agreement page with project completion date added
- ☐ An itemized invoice from the installing contractor and/or vendor for the project, which includes a separate line item for each incentive measure, and the date, quantity, size, type, make and model of installed items, as well as labor costs (if applicable). Internal labor cannot be included in the cost of the project.
- ☐ The manufacturer (OEM) specification sheets for any items that were part of a project application change
- ☐ Copy of payee W-9

I hereby certify that the information contained in this application is accurate and complete, all rules of this incentive program have been followed and I have read and understand the terms and conditions.

I AGREE TO VERIFICATION OF EQUIPMENT INSTALLATION, WHICH MAY INCLUDE A SITE INSPECTION BY A PROGRAM OR UTILITY REPRESENTATIVE. I UNDERSTAND THAT I AM NOT ALLOWED TO RECEIVE MORE THAN ONE INCENTIVE FROM THIS PROGRAM ON ANY PIECE OF EQUIPMENT. I HEREBY AGREE TO INDEMNIFY, HOLD HARMLESS AND RELEASE THE UTILITY FROM ANY ACTIONS OR CLAIMS IN REGARD TO THE INSTALLATION, OPERATION AND DISPOSAL OF EQUIPMENT (AND RELATED MATERIALS) COVERED HEREIN, INCLUDING LIABILITY FROM ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE.
